

YOUR AUTOMATION SOLUTIONS PARTNER
Expertly Specified. Seamlessly Integrated. Fully Supported.

From Concept to Completion

We are dedicated to understanding your business needs and delivering tailored automation solutions that enhance productivity and reduce costs.

With four locations across California and Arizona, our experienced local sales team, along with our knowledgeable applications, engineering, and service support teams, ensure your projects run smoothly from start to finish. Additionally, our Clayton Engineered Solutions Group is your full-service sub-assembly contract manufacturer.

Responsive Service

We are committed to understanding our customer's business needs and delivering tailored automation solutions that enhance productivity and reduce costs. Our applications team is available to provide fast, expert technical and engineering support.

Trusted Industry Expertise

We provide solutions for a variety of industries and applications including:

- Semi-Conductor
- Medical & Pharmaceutical
- Lab & Life Sciences
- Aerospace
- Food Processing
- Packaging
- 3D Printing
- And More!
